

Vegetem

The image is a black and white logo. The word "Vegetem" is written in a highly decorative, calligraphic serif font. The letter "V" is particularly large and stylized, with its two downward-pointing strokes forming the shape of two wheat stalks. Each stalk has a central rachis with several spikelets branching off, and long, thin awns extending from the top. The rest of the word "egetem" follows in the same decorative style, with thick strokes and elegant curves. The entire logo is set against a plain white background.
